Tables in Horse Shoe Style Are Installed for Opening of Peace Congress When Date Is Set.

## GERMANS BUSY CONFERRING

Much Activity Is Noted Among Delegates of Enemy, Who Occupy Three Hotels at Versailles.

By The Associated Press.

VERSAILLES, Wednesday, April 30.—The spacious dining room of the Hotel Trianon today received its peace conference installation—three long tables in horse shoe form covered with the traditional green cloth of diplomacy and games of hazard. The installation is imposing in the size of each of the 50 tables, which extend some 40 or 50 feet through the room. At the head of the apartment is a table about 25 feet long at which the representatives of the great powers will be seated, with President Poincaré or Premier Clemenceau in the center.

Inside the horse shoe is another table covered with red plush, and in the space between one side of the horse shoe and the windows is a similar table. In the window openings are a number of smaller square tables for secretaries.

Scene for Peace.

This is a scene of the handling of the terms of peace. The exact date of the ceremony has not been announced, but it is commonly assumed that it will occur on Saturday. The French government, however, has carefully abstained from naming the day, either to the public or to functionaries entrusted with arrangements and it is a fair presumption that this is due not only to the problem whether the intervening time will be long enough to verify the credentials of the German plenipotentiaries, but also the uncertainty of the draft of the treaty can be completed by Saturday. Conditions relative to the adequacy of the powers of the German delegates and their qualifications to speak for Bavaria, which came to the front today may furnish an occasion for deferring the handing over of the treaty. Should a further delay be necessary a preliminary meeting with the German delegates will occur probably on Friday. At this point the credentials will be submitted for examination to a commission headed by Jules Cambon of France.

Delegates Stroll.

All the German delegates including Count von Brockdorff-Rantzau, the foreign minister, were out for a brief stroll today, despite the inclemency of the weather. The commission was chiefly devoted to preparations for the congress. There was a busy coming and going of subordinates between the three hotels occupied by the mission. The laborers have been promised that the laborers will not enter Rue des Reservoirs and an adequate force of gendarmes and detectives will see that agitators will not gain access to the servants of the three hotels to the servants of forcing them to join in the May day strike. Big placards with the French equivalent of "keep moving" were posted throughout everywhere along the streets.

## HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was almost out of her mind. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. FINORE, 518 Harry Ave., Brooklyn, N. Y.

## Chick With Four Legs Comes With Hatch of Twelve

With a fair promise of living, because it has a vigorous chirp and plenty of facilities for scratching out a living, a little Rhode Island Red chick with four legs was found in a hatch of 12 when the birds were taken off the nest by Mrs. Sallie Garland of 1337 North Lansing street Thursday morning. Two of the legs appear to be normal, being located in their usual position. The other two legs protrude from the rear of the body as do those of the quail and they are of such quality as will make it possible for them as additional propellers or dirt movers if the little bird survives to the walking or scratching age.

## KING PETER THANKS U. S. FOR RED CROSS ASSISTANCE

By The Associated Press.

ATHENS, Sunday, April 27.—King Peter of Serbia, who is living quietly alone in a little suburban retreat overlooking the Bay of Piraeus, six miles from here, expressed through The Associated Press today, the reciprocal gratitude of the Serbian nation for the Christian charity of the American people so marvelously organized by the Red Cross.

The venerable monarch, who will be 72 years old in June has been living in this part of Greece for more than a year, a fact which has been unknown to the outside world. He asked to be excused from commenting upon the political situation as he is no longer participating actively in the affairs of the Serbian government and is content to leave them to his son, Prince Regent Alexander and the cabinet.

## WITHOUT FUNDS THIS SOLDIER REFUSES AID

Red Cross Unable to Advance Money for Ticket as Secretary Is Not Here.

Owing to the absence from the home service section of the Red Cross of anyone authorized to sign checks, a number of cases are recurring this week that cause hardships on the soldiers, according to information given out at the office in the Lynch building.

A discharged soldier applied here this morning for an advance loan on his bonus check of a fare to Birmingham, and no such accommodation could be made. The man had been to Miami seeking work, but found that so many of the mines were closed on account of low price of ore that men with homes in the field were going elsewhere for jobs. He then came to Tulsa and has spent days hunting for work, until now, with his last penny gone, he wants to return to Birmingham, discouraged.

Too proud to ask for help, he was found at the Prison station, having made up his mind to "beat" his way home. He was taken to the Y. M. C. A. for the night and today, by advice, sought the home service section of the Red Cross. There was no one there that could help him. A signed card was offered that would admit him to the "Y" for a bed and meals, but he said:

"A big strong fellow like me that's able to work and ought to be making his own way, hasn't the face to ride on a card like that," and he wouldn't have it. He tried to pawn his suit case for the price of a ticket, about \$1.50, but was talked out of that.
